

SARAH TROUTMAN

LEED AP, VP | INTERIOR DESIGNER

stroutman@hagersmith.com

919.838.5135

“Good design is recognized on both a visceral and behavioral level. My job is to identify our clients’ goals and create an environment that responds to these two reactions in a successful way: Does it look good, and is it effective?”

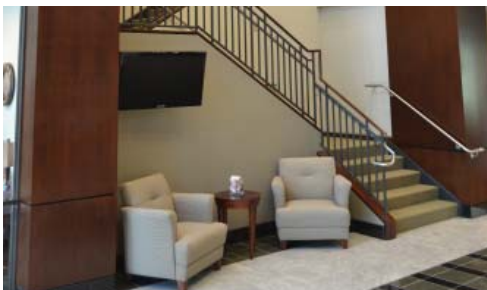

KEY PROJECT EXPERIENCE

Siemens Medical Solutions, Cary, NC
150,000+ SF LEED Gold Certified office space

Mims Distributing, Raleigh, NC
20,000 sq.ft. headquarters renovation

Bio

Ms. Troutman joined HagerSmith Design, PA as an interior designer in June 2006 and has served as the Interiors Department Manager since Spring of 2008. She has received Professional Accreditation from the US Green Building Council for Leadership in Energy and Environmental Design and looks to incorporate environmentally-friendly and cost-effective solutions into many of her projects. As a project manager, she offers a strong attention to detail and organized holistic approach to her designs.

Education

Meredith College | Bachelor of Science in Interior Design

Affiliations

USGBC, US Green Building Council LEED
